

**Delivered by Paul Quinn, Milling Technology Services**  
*- With Mark Clegg - Retired Search & Rescue Firefighter*

# SEMINAR: AN INTRODUCTION TO ATEX AND DSEAR

Tuesday 17th June

This one day event will give your team an overview of ATEX and DSEAR:

- **What is an explosive atmosphere?**
- **Equipment and areas at risk of fire and dust explosions**
- **What are the legal requirements and when does it apply - where do your responsibilities begin and end?**

*Designed for engineers and support and servicing teams that are new to the industry or with no previous ATEX & DSEAR training.*

**POP BOX DEMO FROM FIKE**

**DATE**

17/06/25

**TIME**

10:00 - 16.00

Promtek Limited - Fisher Street,  
Stoke-on-Trent, ST8 7QJ

**FREE PARKING & LUNCH INCLUDED**
